Record interactive simulation

The screenshot displays the Articulate Storyline software interface. The top ribbon includes tabs for Clipboard, Slides, Font, Paragraph, Objects, Variables, Find, Replace, and HTML5 Preview. The main workspace shows a recorded simulation of a SharePoint homepage for 'CORNEL'. The simulation includes a navigation bar, a main content area with various tiles (e.g., 'test extra voorgestelde...', 'Chemo's', 'Mijn Werplanning', 'NFA beheer', 'Doktersnota via Pyxis', 'Restaurant Menu', 'Meer toepassingen'), a 'TEST ALERT' section, and a 'Waarschuwing' section. A timeline at the bottom shows the progression of the simulation, with a 'Main Timeline' and a 'Slide' timeline. The 'Properties - SLIDE' panel on the right shows settings for the current slide, including Name, Description, Duration (0:05.461), and Background Fill options (No Fill, Solid Fill, Gradient Fill, Image Fill). The 'Background Image' section is also visible.

Pros vs Cons

- **Intuitive**
- **eLearning slides & videos**
- **Demo, tutorial, practice, test**
- **Voice over**
- **Quizzes**
- **SCORM**
- **Basic configuration**
- **Light Content Creation Tool**
- **No LMS**

More information

- **Active Presenter => Atomi Systems**
- **www.atomisystems.com**

Active Presenter is een heel intuïtieve en low-budget authoring tool waarmee je zeer snel aan de slag kan om e-learnings, screen recordings en screencast video's op te maken en te bewerken.

Verbeter en digitaliseer je trainingsdocumentatie in een oogwenk.
