#1 CHALLENGE IN 2024 : PERSONALIZATION

+60% of L&D professionals

believe that the top priority is **delivering learners the right content, precisely when and where they need it.**

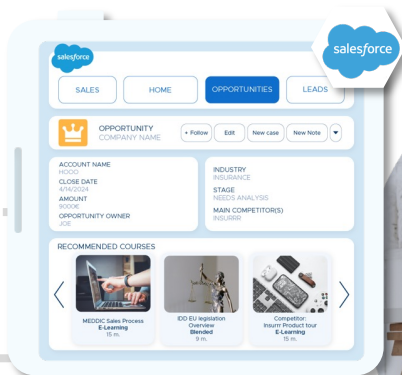

Learning in the flow of work

Delivering relevant, contextualized, and personalized experiences at the individual level.

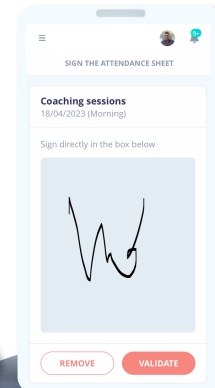

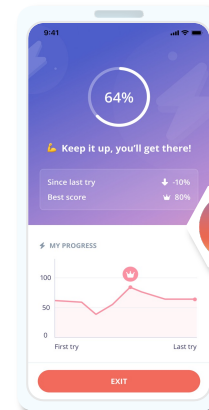

L&D and HR Managers

Plan, recommend, and push courses tailored to the needs of employees.

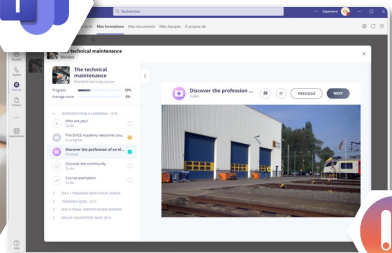

Sales Teams

Integrate learning directly into the commercial management tool.

Field functions

Push sending reminder notifications to encourage learning even directly in the field.

Corporate functions

Embed learning in the daily routine of employees by incorporating it into their everyday tools

Discover Learning the flow of work

EFFICIENT RESULTS, SO FAR...

Integrating learning into **the HR and technical ecosystem and the daily routine of employees** has enabled organization to enhance adoption and improve their KPIs:

Monthly active
users ¹

68%

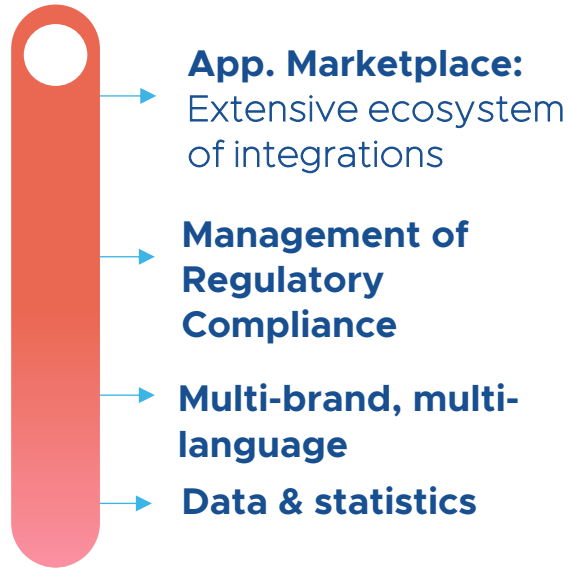

Managers connexion
rate variation ²

+102%

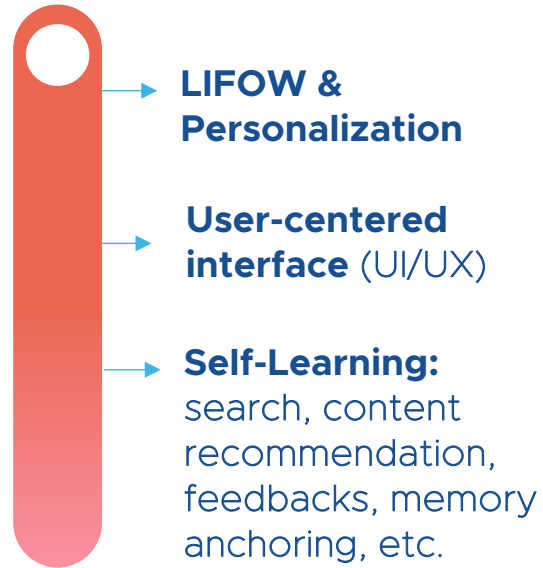

1. Active Users: Number of users who have spent at least 15 minutes on a training in the last 30 days.
2. Managers' Connection Rate Variation: Variation observed between the period without Learning in the Flow of Work (LIFOW) and with LIFOW in the number of managers' connections."
