1

PUT MENTAL HEALTH FIRST

Make people's mental and emotional health the foundation of your well-being initiative. Help people improve their social and emotional skills, and promote inclusion so everyone feels secure and valued.

2

EMPOWER

Extrinsic incentives can turn off people's interest in healthy lifestyle changes. To provide motivation that endures, offer healthful options that let people experience a sense of autonomy, purpose and enjoyment.

3

INSIST ON SOUND WORK-LIFE BOUNDARIES

Support people in establishing healthy work-life boundaries. Communicate clearly that you don't expect people to answer emails during off-work hours. Measure performance by results.

4

BECOME A SLEEP ADVOCATE

Consistent, quality sleep is a prerequisite for well-being and high job performance. That's why some organizations make sleep their foremost well-being priority.

5

PROMOTE HUMAN CONNECTION

Loneliness heightens stress levels and harms people's health. Nourish psychological well-being by fostering authentic connection and meaningful workplace relationships.

“Knowledge isn’t power until it is applied”

- Dale Carnegie

Our approach

We take the knowledge of the two to three most relevant summaries on a given topic and complement it with expert-led guidance towards application.

Actionables provide a 15-minute overview of a given topic and finish with a concrete call to action, prompting busy professionals to apply the knowledge immediately.

Know. Do. Reflect. Additional 15-minute tools for self-reflection and retrieval round off the experience and help make learning effective.

Maximum Engagement: Actionables keep learners engaged with a well-balanced mix of audio, text and video snippets featuring business experts and authors from around the world.

With over 20 years of experience working with corporate clients worldwide, getAbstract knows a thing or two about what it takes to succeed in the modern workplace. Our Actionables build on the most relevant knowledge contained in our world-class library of 25,000+ business knowledge summaries.
